

The State Bar of California: Storage Management System Hardware and Software IFB. Deadline of April 27, 2005.

Response to questions submitted on the Storage Management System Hardware and Software IFB as of 04/21/05:

- 1. Who will be responsible for configuring the purchased IBM server and related parts?**

The State Bar of California

- 2. Who will be responsible for installing the Windows 2000 Server, Veritas and VMWare?**

The State Bar of California

- 3. How many total Disk Array Enclosures will you require?**

One Disk Array Enclosure for ATA drive is required in addition to the Initial Drive Array Enclosure for the fibre channel drives. Please disregard the second CX-ATA-DAE-FD Disk-Array Enclosure.

- 4. There are two different rail kits listed (DS24M2RK40-FD & DS16M2RK40). Which type of rack will you mount the specified switches?**

Please use the DS24M2RK40-FD part number. The McData switches will be installed in a HP Rack System E.

- 5. Will the State Bar accept the replacement part number 73P4201 in the place of 31P6401 as a valid submission?**

Yes

- 6. Will the State Bar accept part number 90P1380 in the place of part number 90P1318 as a valid submission?**

No
